VOL. XXXII.

STANFORD, KY. FRIDAY, SEPTEMBER 9, 1904. 8 A. M.

NO. 56

## Mr. W. I. Herrin.

The office of justice, in administering county government, is of paramount importance, since the incumbent has charge of prisoners and is the custodian of the public buildings, which are used in the enforcement of the law. A man of firmness, courage and determination, with exemplary habits, should be chosen to fill the position. Mr. W. I. Herrin has served in that capacity for one term, with credit to himself and satisfaction to his constituency. In fact he has been weighed in the scales and has not been found wanting. He is a candidate for re-election, subject to the action of the democratic party, and as it is the custom of the party to endorse a faithful servant, for the second term, it is believed by his many

friends that his nomination is sure to follow.

He was born Dec. 26, 1819, his ancestors having come from Virginia. His family consists of his wife and four bright children. He is a worthy and consistent member of the Christian church and has fixed convictions in favor of the right, on all public questions. In fact, he is a fair representative of the sturdy yeomanry of the country which constitutes the basis of good society and guarantees the strength and perpetuity of good government. Being cautious, watchful and fearless he is the right man in the right place. He guards the interests of the public with the fidelity of a Roman sentinel, and when his prisoners escaped, on one occasion, he furnished the money to capture them.

He is true to the democratic party and one of the best workers and organizers in the ranks, having spent time and money for its success and it is claimed that he should be recognized and endorsed in the coming campaign that he may be justly rewarded. His popularity is evinced by the fact that he carried Crab Orchard precinct by 49 votes, when it had gone republican in former races, and he ran 100 votes ahead of the county ticket. Such men are necessary both in campaigns and the administration of government.

He is earnest, frank, candid and has method and system in every undertaking, being as careful of public interests as he is of his personal affairs. His legion of friends claim that he, very justly, has splendid prospects to be nominated and elected.

## WHAT IS CATARRH?

**Hyomel Only Guaranteed Cure for This Common and Disagreeable Disease.**

Hyomel cures catarrh by the simple method of breathing it into the air passages and lungs. It kills the germs of catarrhal poison, heals and soothes the irritated mucous membrane and effectually drives this disease from the system.

If you have any of the following symptoms, catarrhal germs are at work somewhere in the mucous membrane of the throat, bronchial tubes or tissues of the lungs.

Offensive breath, dryness of the nose, pain across the eyes, pain in back of the head, pain in front of the head, tendency to take cold, burning pain in the throat, hawking to clear the throat, pain in the chest, a cough, attack in side, loss of flesh, variable appetite, low spirited at times, raising of frothy mucus, expectorating yellow matter, difficulty in breathing, frequent sneezing, huskiness of voice, discharge from the nose, stoppage of the nose at night, aching of the body, drooping in the throat, mouth open while sleeping, tickling back of the palate, formation of crusts in the nose, dryness of the throat in the morning, loss of strength, spasms of coughing, cough short and hacking, cough worse nights and mornings, loss in vital force, a feeling of tightness across the upper part of the chest.

Hyomel will destroy activity of all catarrhal germs in the respiratory organs and in a few weeks the cure will be complete.

This is a strong statement, but Penny emphasizes it by agreeing to refund your money if Hyomel does not cure.

## PREACHERSVILLE.

J. H. Thompson sold a young mule to Col. Underwood, of Garrard, for \$65 and an aged mule to August Bartels for \$70. W. P. Grimes delivered to Lutes & Co. a bunch of hogs at \$6, which had been engaged for some time.

Mr. Hafeley, of Danville, is building a new brick ell for J. J. Thompson. J. F. Shaw, of this place, is in charge of the carpentry. We think that W. P. White's house, which he recently finished, is one of the best planned buildings we have ever seen.

There is some whooping cough in this community but little of a mild form. The many friends of Leslie Harber will be glad to know that he is convalescent from a severe attack of pneumonia. Frank Gross is complaining. Mr. J. L. Anderson had to go to Lancaster a few days since to have a wheat beard removed from his eye, which had been giving him a great deal of pain. The Misses Davis, of Mt. Vernon, have been visiting Misses Fannie and Ella Thompson. Mrs. M. C. Blankenship and son spent a few days in Somerset. Mason Holtzclaw and sons have been visiting Hubert Holtzclaw. L. C. King, of Hubert and John Pepples were visiting relatives here. Rev. Carmichael was with Rev. Jordan. Mr. and Mrs. Cross attended the Baptist Association at Livingston. C. B. King has returned from Indianapolis. Rev. Jordan was returned as pastor of the M. E. church here by the Lexington conference. Mrs. Archer and family, of Somerset, have returned home. Mr. Henry Blankenship celebrated his 72nd birthday Sunday.

## Mr. George B. Cooper.

In the administration of county government the office of clerk is second to none in importance, the incumbent being the custodian of the records, which constitute the ownership of all real estate. He is the guardian of the highest interests of the people. Mr. Cooper, who has been clerk for four terms, and who has discharged the duties in a highly acceptable manner, is a candidate for re-election, subject to the action of the democratic party, of which he has always been an able defender and a fearless advocate.

He was born January 4th, 1857, and belongs to a large and influential family. His ancestors came from Virginia and he is the fifth of a family of 11 children. He was educated at Hustonville Academy and is a member of the Masonic fraternity. In 1882 he was

married to Miss Amanda Cook, an intelligent and accomplished lady, eight bright and interesting children having blessed the union.

No truer or more faithful democrat lives. As an organizer he has no superior and he always manages to get the vote out and to convince them that it is right to vote the democratic ticket. For this reason he sheds terror and dismay in the camp of the enemy and they are slow to give him opposition, generally regarding him as invincible. Everybody is his friend and he is a friend to everybody. He is polite, affable and highly competent. In discharging his duties he is always ready to find a record or give any instructions in reference to the detail work of the office. In fact he realizes that he is a public servant and that his time belongs to the people instead of arrogating to himself the absolute ownership of the office and meeting the people with an egotistical air, as is the manner of some.

Such a man is the proper one to be the guardian of the people's deepest interests, and his superior official work has so much endeared him to the people that he is regarded as a fixture, or a necessity. There are many who claim that his labors in the interest of party success and organization, together with his spotless official career, should give him a walk-over. He is a favorite, and if he should have opposition great odds will be placed on his coming first under the string.

The Jewish year book just issued shows the Hebrew population of the world to be 10,922,777.

## Hon. W. S. Burch.

With a big heart, a massive brain and a laudable ambition, Mr. W. S. Burch is a candidate for the democratic nomination for the office of county attorney of Lincoln, subject to the action of that party, to which his fealty has always been highly commendable.

He was born November 29, 1871, and is of English and Irish descent, being a direct descendant of Col. William Whitley, who distinguished himself for gallantry in Indian warfare, having killed the chief, Tecumseh, he himself being killed in the same battle.

He graduated at Centre College in 1892, with high honors and was admitted to the bar for the practice of law in 1893, being now conversant with his chosen profession and an able and earnest advocate. The office of attorney, for a great county like Lincoln, is an important one, dealing directly with the deepest interests of society, in the prosecution of criminals, in conserving the peace, in advising the Fiscal court in reference to making levy for revenue, in the matter of public expenditures and in everything pertaining to the general welfare. By study and application he is well informed on questions of public policy, has a sound

judgment, an analytical mind and is thoroughly equipped to discharge the duties of the office acceptably.

Though in splendid health he has the misfortune to be compelled to use crutches on account of the effects of rheumatism, contracted when a boy, yet, having an invincible spirit and an indomitable will he is not discouraged but seems determined to evince his worthiness to hold some position above the ordinary walks of life and one by which he can gain a livelihood.

He is well versed in parliamentary law and has presided over several stormy conventions with much dignity, promptness and determination. He has always been a true blue democrat, faithful to the organization, rendering valuable aid in campaign work. When called upon to go out in the interest of the party, whether to deliver an address or to aid in effecting an organization he cheerfully responds without stopping to count the cost or to consider any sacrifice involved. In view of his ability and his fidelity to his party his friends claim that he will make a splendid race and be in the bunch that comes under the string first.

Stringent rules were adopted by the Kentucky State Board of Health requiring all physicians coming from other States to take an examination before practicing in Kentucky; limiting medical colleges to cities of 50,000 population or over; prohibiting any medical college from having more than one school term a year, and requiring all students who intend to enter medical college to take a preliminary examination.

## Only Did His Duty as He Saw It.

"I deem it my duty to add a word of praise for Chamberlain's Colic, Cholera and Diarrhoea Remedy," says J. Wiley Park, the well-known merchant and postmaster at Wiley, Ky. "I have been selling it for three or four years, and it gives complete satisfaction. Several of my customers tell me they would not do without it for anything. Very often, to my knowledge, one single dose has cured a severe attack of diarrhoea, and I positively know that it will cure the flux (dysentery). You are at liberty to use this testimonial as you please." Sold by all Druggists.

A Wabash passenger train, bound from Des Moines to St. Louis, was wrecked near Penderton, Mo. Four passengers were killed and about 30 others were injured. It is thought the accident was caused by a broken wheel, which derailed a passenger coach and a dining car.

When troubled with constipation try Chamberlain's Stomach and Liver Tablets. They are easy to take and produce no griping or other unpleasant effect. For sale by all Druggists.

Hiram Hatfield, a prominent business man of Washington, Ind., dropped dead on the street.

Hon. J. S. Owsley, Jr.

Full of experience as prosecuting attorney and distinguished in many branches of public life, the subject of this sketch is a candidate for county attorney of Lincoln, subject to the action of the democratic party. He was born January 20, 1867, married Miss Ella McEwaine, a cultured and accomplished lady, the union having been blessed with one child. He graduated at Cumberland University and for many years he has been a brilliant and successful lawyer. He is a member of the Cumberland Presbyterian church, and, believing in the brotherhood of man and the benefits of fraternity, he is a member of the Knights of Pythias and the Knights of the Meccabees. He is a man of fine impulses and possesses many excellent traits of character.

His paternal ancestry constitutes a line of the most distinguished relationship in Kentucky. Hon. Wm. Owsley was prominent in State politics, was for many years judge of the court of appeals and was elected governor of the State in 1844. Judge M. H. Owsley was one of the most popular and eminent jurists in the State and presided as district judge for many years. Many other relatives distinguished themselves in the legislative, judicial and executive branches of government and Mr. Owsley has inherited many of their distinguishing characteristics.

He is a democrat, being in line with the organization and has contributed funds and delivered speeches during heated campaigns. In party and convention work he manifests a marked degree of political sagacity and when in campaign work his advice and assistance are always sought by his friends.

He was Commonwealth's attorney for two terms in this, the 13th judicial district, and in that capacity he covered himself with glory, receiving the approval of the best citizenship in his manner of conducting a prosecution. His eloquence and logic made the way of the real transgressor hard, while he was not disposed to persecute or to urge a conviction where the proof did not justify it, and, in pursuing this course he maintained the dignity of the office and gained the respect and admiration of his constituency.

By application and practice he is thoroughly conversant with every duty imposed upon the county attorney, having been trained and drilled in such work for many years. For these reasons his friends claim that he will receive a large vote.

William E. Neal, under indictment in the Jefferson circuit court for the murder of former Assistant Commonwealth's Attorney James K. Shrader for alleged criminal intimacy with his wife, shot a woman with whom he was living and killed himself Wednesday. Merritt O'Neal, who was one of the attorneys for W. E. Neal, positively identified the woman as Mrs. Neal, on whose account Neal killed Shrader.

## DEMOCRATIC TICKET.

For President,

ALTON BROOKS PARKER,

of New York.

For Vice President,

HENRY G. DAVIS,

of West Virginia.

For Judge Fifth Appellate District,

JUDGE JAMES E. CANTRILL,

Of Georgetown.

The democratic State campaign headquarters were established and opened at Seelbach's Tuesday. Hon. S. W. Hager, the chairman, is in charge, and by the end of the week the campaign will be in full blast. The plan is to open the fight with speaking in every county in the State on the third Monday of this month, which will be Sept. 19. Appointments for over 100 speakers will be made for that day.

The republican State central committee, after hearing statements from both sides, held that Dr. W. Godfrey Hunter's certificate as the nominee for Congress is illegal because proxies were voted at the meeting, and directed the 11th district committee to meet at Somerset September 21 to recalculate the returns of the primary. The decision was a victory for D. C. Edwards.

Nearly 500 democratic editors participated in a banquet at the Waldorf-Astoria in New York Thursday night. Addresses were delivered by Henry Watterson, Clark Howell, Herman Ridder and others.

Late returns indicate a republican plurality of 30,000 in Vermont, the returns thus far show a falling off of at least 10 per cent. from the democratic vote of four years ago. This was conceded by the democrats.

A temporary injunction was granted against the Secretary of State in the Franklin circuit court, restraining him from certifying to the county clerk in the 11th district that Dr. Hunter is the republican nominee for Congress.

Returns from the election in Arkansas indicate the success of the entire democratic ticket, the majority given Gov. Davis over his republican opponent, Hon. Harry Myers, probably being in excess of that given two years ago when it was nearly 50,000.

# Grand Leader.

We invite you to inspect "The Sorosis Underskirt," which has just arrived. We feel a pardonable pride in showing this garment. We have utilized much time and expense in comparing different makes of underskirts that have been submitted to us and in every instance the "Sorosis" has proven its superiority on all points. We mention a few points in which "The Sorosis" leads.

The "SOROSIS" way. Every seam tailored; every edge bound; made with yoke and strapped seam; absolutely dust proof ruffles. The neatest, best and cleanest workmanship throughout. A "SOROSIS" means. Perfect in every detail. The same attention given the designing of a 98c skirt as is applied to the creation of the \$3 and \$4 garment, so all models assure the wearer. A garment faultlessly cut. Perfect fitting and that full grace full there that is so much in vogue. "SOROSIS," the name to remember when you buy an underskirt.

STANFORD, KY.

To Our Patrons!

After assuming the office of manager of the Stanford Water, Light & Ice Co., I find a great many leaky yard hydrants that are proving a great expense to the company in the waste of water and I respectfully urge all patrons whose hydrants are out of gear to repair same at once, or I will be compelled to cut the water off until the hydrant is repaired. All patrons who have sprinkling privileges are earnestly requested to use the water only in front of their property (and not outsiders) all that is absolutely necessary, but the water contracted for with the Company is not for the purpose of making mud-holes and such like. If any person is found violating these rules, I will be forced to cut the water off.

Your attention is invited to some of the Stanford Water, Light & Ice Co.'s rules and regulations as follows: All water and light rents must be paid quarterly, in advance, on the 1st day of January, April, July and October. Per wilful or unreasonable waste of water, the supply of water will be stopped. No one will be allowed to supply water to other families. All persons are required to keep stop cocks and private hydrants in good repair and protected from frost and prevent any unnecessary waste of water. The Company agrees to furnish water for a certain specified use for a certain sum, persons using water for any other purpose than that stated in receipt, will be required to pay full price for water furnished. Free access to all pipes and fixtures must be had for examination by the Manager of Company. For the violation of any of the above rules or non-payment of rent, the company reserves the right to turn off the water without notice.

An Ordinance passed by the City Council makes it a fine of five dollars to hitch a horse or other animal to any fire plug or hydrant.

All persons knowing themselves indebted to the Stanford Water, Light & Ice Co. to July 1, 1904, for water and lights, are requested to liquidate their account at once, as the Company needs the money. I will be at Penny's Drug Store every day between 9 and 10 o'clock A. M. to receive your water and light rent.

B. F. ROUT, Manager,  
Stanford Water, Light & Ice Co.

## Try for Health

222 South Peoria St.,  
Chicago, Ill., Oct. 7, 1902.  
Eight months ago I was so ill that I was compelled to lie or sit down nearly all the time. My stomach was so weak and upset that I could keep nothing on it and I vomited frequently. I could not urinate without great pain and I coughed so much that my throat and lungs were raw and sore. The doctors pronounced it Bright's disease and others said it was consumption. It mattered little to me what they called it and I had no desire to live. A sister visited me from St. Louis and asked me if I had ever tried Wine of Cardui. I told her I had not and she bought a bottle. I believe that it saved my life. I believe many women could save much suffering if they but knew of its value.

Surgeon Darter

Don't you want freedom from pain? Take Wine of Cardui and make one supreme effort to be well. You do not need to be a weak, helpless sufferer. You can have a woman's health and do a woman's work in life. Why not secure a bottle of Wine of Cardui from your druggist to day?

WINE OF CARDUI

PARKER'S HAIR BALM

Cleaned and beautified the hair. Promotes a luxuriant growth. Never fails to restore gray hair to its youthful color. Cures scalp disease and hair falling out and itching.

## IN MEMORIAM.

Elizabeth Wright, little daughter of Mrs. Frank Winfrey, of Moreland, was called from her earthly home Aug. 20, 1904 to dwell with Jesus. For five long weeks anxious friends and a loving mother watched until the feeble flame went out. All that loving hands could do was done, but to no purpose. Dear little Elizabeth Wright, the joy and sunshine of a loving home, has gone with the angels. For five short years did this dear little light shine; she was just beginning to make home happy with her sweet, childish ways when Jesus claimed her for His own. But remember she has gone to her dear father, who was only taken four short months ago, and there she will watch and wait for you loved ones she has left behind. God giveb and God has taken, but only for a time. In the eternal reunion she will be yours forever with no thoughts of parting. While our hearts go out in sympathy to the dear mother and other bereaved ones, we can but remind them that He said: "Suffer little children to come unto Me and forbid them not for of such is the kingdom of heaven." Grieve not for her, the little one. Though lone and sad you be, Unto a better land she's gone. She'll wait and watch for thee.

A Letter from Coffeyville, Kansas.

Grasping the first opportunity I will tell you a few things about Kansas. We are situated in a very rich section of country five miles from Coffeyville and a quarter of a mile from the M. K. and T. railroad. Coffeyville is one of the best towns in southeastern Kansas, with a population of 15,000. It has several factories—glass, pottery, plow, paper and box. The flour mills are very large and nice. Coffeyville is supplied with natural gas and for miles out in the country we burn natural gas and wouldn't do without it. A great many profitable wells are being drilled all over the country.

There is a great deal of oil, too. One man has an oil field that produces 800 pounds per day. It is on the same section where we live. He was offered \$70,000 for 10 acres.

There is a fairly good crop of wheat, much better than expected on account of too much rain during harvest. Corn crop is hardly an average for the same reason, too much rain. Farmers are very busy now preparing the land for another crop of wheat. Judging from present indication there will be a very large acreage sown this fall.

Columbia frowned with vigor:

The eagle got mad, tore up the flag,

When Roosevelt dined with a NIGGER.

The bull pawed up the earth;

The cow jumped over the moon:

The eagle spewed on the American flag

When Teddy sat down with a COON.
